Bernhard Lüscher - Germany

Moshe Oren - Israel

Neil Perkins - UK

Stefan Roberts - UK

Sonia Rocha - UK

Owen Sansom - UK

Almut Schulze - UK

Andrew Sharrocks - UK

Irina Stancheva - UK

Robert J White - UK

The Symposia will be held in the historic University City of Cambridge, U.K., at Churchill College. The centre of Cambridge is just a ten minute walk away.

The selection of a venue with an extensive campus and on-site accommodation has been made to support opportunities for interaction throughout the meetings.

The arrangement of the symposia 'back to back' enables participants to attend both meetings if they choose to do so.

BACR and EACR members enjoy special registration rates and a number of meeting bursaries are available. Award Lectures and Poster Awards will also be a feature of these highly focussed meetings.

Visit www.bacr.org.uk and www.eacr.org
