

FEBS-EACR Advanced Lecture Course

Co-sponsored by CGC

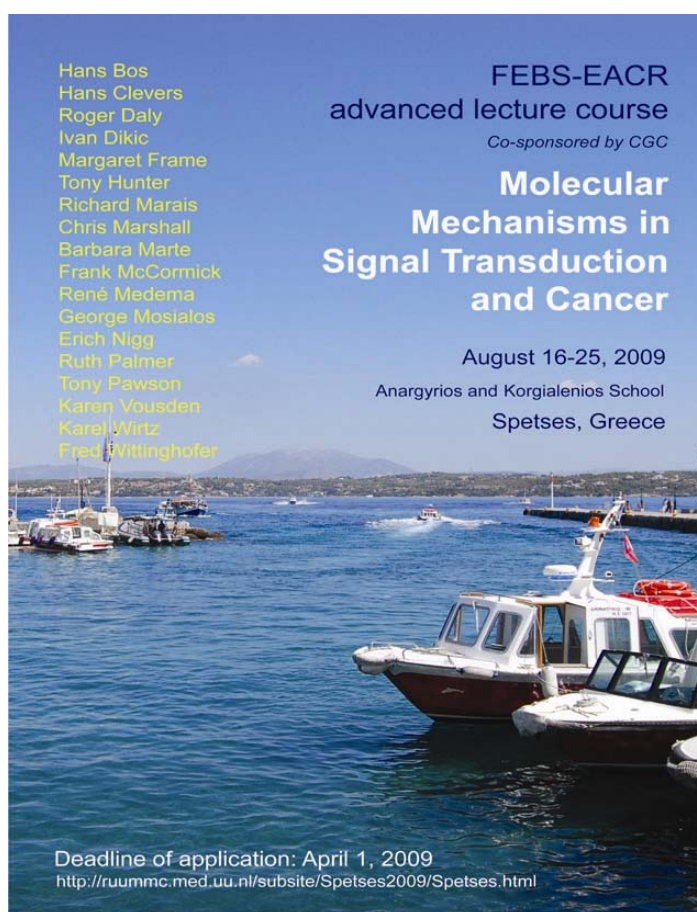

Molecular Mechanism in Signal Transduction and Cancer

Spetses, Greece, August 16 – 25, 2009

- Advanced lecture course for late graduate students and early post docs
- Venue: An old Victorian School at the beach of an Isle in Greece
- Selected topics in signal transduction with specific focus on signalling events in cancer.
- Introductory lectures followed by cutting edge science
- Poster sessions, tutorials and beach discussions
- Ample time for social interactions
- **Deadline April 1, 2009**
- Further details: <http://ruummc.med.uu.nl/subsite/Spetses2009/Spetses.html>

Lecturers:

Hans Bos
Hans Clevers
Roger Daly
Ivan Dikic
Margaret Frame
Tony Hunter
Richard Marais
Chris Marshall
Barbara Marte
Frank Mc Cormick
René Medema
George Mosialos
Erich Nigg
Ruth Palmer
Tony Pawson
Karen Vousden
Karel Wirtz
Fred Wittinghofer
