Barcelona
7 - 10 July 2012

EACR’s Congress will again offer an exciting programme of lectures, educational sessions, symposia and opportunities to ‘meet the expert’

Visit www.eacr.org for regular updates as the programme takes shape

All accepted posters will be displayed for the duration of the congress to allow extra time for review beyond the periods defined for poster defence

EACR members may obtain registrations at a reduced rate

All students are offered a special registration rate

Register early to avoid disappointment should the congress become oversubscribed
