

3rd EACR Conference

Goodbye Flat Biology

In Vivo Inspired Cancer Biology and Therapy

9 - 12 September 2018

Berlin, Germany

Goodbye Flat Biology brings together researchers who are interested in techniques and applications of 3D culture at the cancer biology, engineering and drug development interface. The meeting has a reputation for outstanding science, international participation, and excellent opportunities for interaction and networking. Registration places are limited, so don't miss out!

100% recommendation rate from the 2016 participant survey

KEY DEADLINES

Abstract submission
15 June 2018

Bursary application
15 June 2018

Registration
31 July 2018

Topics

- 3D culture modelling of cancer growth and invasion
- Model systems and applications for cancer cell-stromal interactions
- Systems for evaluating the efficacy of novel therapeutics

Reduced registration rates and
Meeting Bursary Awards
for EACR members

Confirmed Speakers

Hans Clevers Netherlands

Janine Erler Denmark

Andrew Ewald* USA

Claudia Fischbach-Teschl USA

Reinhold Förster Germany

Margaret Frame UK

Peter Friedl* Netherlands/USA

Ronald Germain USA

Donald Ingber USA

Fanny Jaulin France

Matthias Lütolf Switzerland

Anne Rios Netherlands

Ellen Van Obberghen-Schilling*

France

Emmy Verschuren* Finland

Danijela Vignjevic France

Maria Vinci* Italy

Bettina Weigelin Netherlands/USA

* *Scientific Programme Committee*
