WE ARE THE EUROPEAN ASSOCIATION FOR CANCER RESEARCH
WHO WE ARE

We are a thriving community of more than 10,000 cancer researchers who are proud of the important work we do to fight cancer. We welcome anyone who works in, or studies, cancer research to join us.

10,000+ members from over 100 countries

“A vibrant network of basic researchers, clinicians, experimentalists, bioinformaticians. Great opportunities to forge interesting collaborations”

Data on this page are from the EACR member database and the EACR Members’ Survey 2021
Our mission is to support cancer research, by supporting the researchers who play such an important role in fighting cancer.

We know that sometimes a research career can be hard. But we know it can also be incredibly rewarding and exciting, especially when you realise that you are a part of something bigger – a global network of scientists all working towards a shared goal.

Community is at the heart of the EACR, and a strong, open, cross-border scientific community is important now more than ever.

Working as a community, cancer researchers have been the foundation of many of the greatest lifesaving breakthroughs of the last 50 years.

- **We want to help you build the career you deserve in academia and industry.**

- **We know more than anyone else that research has no borders and will defend this concept.**

- **Through the EACR community we will help you to make your voice heard.**

“EACR is one of the most sympathetic, personal, but at the same time innovative and competent international organization for cancer researchers”

EACR member
WHAT WE OFFER OUR MEMBERS

Community
Being part of a community of more than 10,000 researchers across Europe and worldwide, with the chance to make new contacts and collaborations.

Communication
Regular updates about all the latest cancer research news, offers, jobs, grants and events.

Collaboration
Find a Collaboration tool, searchable Member Network and EACR Science Book Club to connect with other researchers.

Reduced and free events
Reduced member rates at the EACR Congress, conferences and virtual conferences. Some virtual events are also free for EACR members.

Representation
Representation at the highest levels of European cancer policy discussion.
Skills
Access to expert webinars on scientific and career development topics as well as video recordings of past webinars, conferences and events.

EACR Travel Fellowships
The EACR has joined forces with Worldwide Cancer Research to provide Travel Fellowships of up to €3,000 to enable early-career cancer researchers to gain new skills through a short-term visit to a lab or research group in another country.

Meeting Bursaries
Funding to help early-career members to participate in our conferences. Bursaries for our virtual conferences are also available to researchers in low- and middle-income economy countries.

Direct involvement
Opportunities to become more involved in EACR activities through our Ambassador Programme or by applying to join a committee.
OUR CONFERENCES

We organise excellent cancer research conferences where the latest research topics and interaction between participants are the very highest priorities.

99% satisfaction rating for scientific quality*  

*Data from 2019 conference participant feedback surveys
Not yet a member of our community? Joining the EACR couldn’t be easier

We keep membership fees low to encourage inclusivity and have additional support for researchers in developing economy countries.

**Student**
€25 single fee for the duration of your studies

**Early career**
€70 single fee for four years

**Member**
€50 per year or €175 for four years

1. Go to www.eacr.org/join
2. Fill in the short online application form
3. We will review and approve your application
4. We will send you an email with details of how to pay your membership fee
5. When you have paid we will send your membership details by email
CONTACT THE EACR TEAM

We’d be happy to answer any questions you have.
